AN ACT
ESTABLISHING NORMAL SCHOOL.

CHAPTER 322.

AN ACT PROVIDING FOR THE ESTABLISHMENT AND SUPPORT OF A STATE NORMAL SCHOOL, AND IN REPEAL OF CHAPTER 69, TITLE XIII, OF THE REVISED STATUTES, ENTITLED, "OF THE NORMAL SCHOOL, TEACHERS' INSTITUTE AND LECTURES."

It is enacted by the General Assembly, as follows :

SECTION. 1. There shall be established, as hereinafter provided, one Normal School, to be called the State Normal School, for the training of teachers in the art of governing and instructing the common schools of the State.

SEC. 2. Said school shall be under the supervision of a board of trustees, to be called the trustees of the Normal School. This board shall consist of the Governor (*ex officio*) president, the commissioner of the public schools (*ex officio*) secretary, and five other members, one from each county in the State; who shall, from and after their first appointment by the General Assembly, in grand committee, be annually appointed by the General Assembly, in grand committee, at its May session, in the order hereinafter provided. Of these five, two shall hold their office for three years, two for two years, and one for one year; the term of office of each to be determined by lot or otherwise; the vacancies to be filled by appointment by the General Assembly, in grand committee, for the residue of the term which shall so become vacant.

SEC. 3. It shall be the duty of said board to meet quarterly, at such time and place as they may determine; to keep a record of their proceedings, and to report the same annually, in connection with the report of the commissioner of public schools, to the General Assembly, at its January session. It shall also be the duty of said board to visit, by one or more of their number, said school, at least once during each term, and to report its condition to the full board, at its next succeeding quarterly session. The expenses necessarily incurred by said board of trustees, or any one of their number, in the discharge of official duties, shall be defrayed out of the fund herein appropriated for the support

of said school; but they shall receive no compensation for their services. A majority of said board shall constitute a quorum for the transaction of business; but any number may adjourn.

SEC. 4. To said board of trustees shall be committed the location of said school, the application of the funds for the support thereof, the appointment of the principal and teachers, and the power of removing the same for proper cause; the power to prescribe rules for its management, and to grant diplomas. Said trustees are hereby authorized, from and after the summer term of the year one thousand eight hundred and sixty-one, (1861,) to change the location of said Normal School, from time to time, as they may deem best for the interest of said school, and for the accommodation of the pupils in the different parts of the State; provided, suitable buildings and fixtures are furnished without expense to the State.

SEC. 5. The number of pupils shall not at any time exceed one hundred and twenty-five. All applicants must declare, in writing, their intention to qualify themselves for teachers in the State; they must present to the principal a certificate of good moral character, and of such other personal qualifications as ought to be found in every instructor of the young. They must be, if males, at least sixteen; and, if females, at least fifteen years of age. They must pass a satisfactory written and oral examination, by the principal, in reading, writing, spelling, arithmetic, geography and grammar, and must remain in the school at least one full term.

SEC. 6. The trustees shall apportion for each county, from the whole number of applicants who are qualified, in accordance with the requirements of the next preceding section, a number of pupils proportionate to the population of each county. If there shall not be a sufficient number of applicants from any county to fill the number of appointments, allowed to each county, the trustees shall fill the vacancy from among the whole number of remaining applicants. To all pupils so admitted to the school, the tuition and all the privileges of the school shall be gratuitous.

SEC. 7. A sum, not exceeding two thousand five hundred dollars, is hereby annually appropriated for the establishment and support of said school.

SEC. 8. A sum, not exceeding three hundred dollars, is hereby annually appropriated for the purpose of distributing in the several school districts, under the direction of the commissioner of public schools, some educational journal, published in this State.

SEC. 9. All other acts in relation to the Normal School, teachers' institute, and addresses, in the several school districts, are hereby repealed.

SEC. 10. This act shall take effect immediately after its passage.

(Passed February 17th, 1860.)

MISS ELLEN J. LEGRO, }

CIRCULAR.

The terms of this Institution consist of ten weeks each, and hereafter the Autumn term will commence on the first Tuesday after the 20th of August of each year; and for the year 1863-4 the other terms will commence as follows:

WINTER TERM, on Tuesday, November 10th, 1863.

SPRING TERM, on Tuesday, February 9th, 1864.

SUMMER TERM, on Tuesday, April 26th, 1864.

Pupils are received at the commencement of each Term.

CONDITIONS OF MEMBERSHIP.

All applicants must declare, *in writing*, their intention to qualify themselves for teachers in the State; they must present to the Principal a certificate of good moral character, and of such other personal qualifications as ought to be found in every instructor of the young. They must be, if males, at least sixteen, and if females, at least fifteen years of age. They must pass a satisfactory written and oral examination, by the Principal, in Reading, Writing, Spelling, Arithmetic, Geography, and English Grammar; and must remain in the School, at least, one full term. All candidates for admission must be at the school-room on the morning of the day *preceding* that on which the term commences, at 10 o'clock.

COURSE OF STUDY.

The following is the course of study, without regard to the order in which the branches will be pursued, or the length of time devoted to them.

Geography, Physical and Political, with the use of globes and outline maps and map-drawing; Orthography, Phonetic and Etymological Analysis; English Grammar, with Analysis of Sentences; Rhetorical Reading, including Analysis of Language, History of the English Language and Literature, and the critical study of select works; Original Composition and other Rhetorical exercises; Logic; Writing, including Spelling, Paragraphing, Capitalizing, and Punctuation; History of United States, Constitution of United States, Constitution of Rhode Island, and School Laws of Rhode Island, General History and Chronology, Natural History, Botany, Zoology, Chemistry and Astronomy; Natural, Mental and Moral Philosophy; Arithmetic; Algebra; Geometry; Trigonometry; Vocal Music; The Art of Teaching, including the history and progress of education, the philosophy of teaching and discipline, as drawn from the nature of the juvenile mind, and the application of those principles under the ordinary conditions of our common schools.

The studies of the school will be arranged, as far as possible, to meet the wants of teachers and of those intending to become such, including

- 1st. A thorough review of elementary studies.
- 2d. Those branches of knowledge which may be considered as an expansion of the elementary studies, or collateral to them.
- 3d. The art of teaching and its modes. Every subject of study and of lecture will be considered with reference to the best methods of teaching it.

Members of the advanced class will give teaching exercises before the whole school each week, subject to the public criti-

cism of both teachers and pupils; and a series of familiar conversational lectures will be given, each term, on topics connected with the Teacher's Life and Duties.

CLASSES.

The pupils will be arranged according to their attainments into three classes, designated as Junior, Middle and Senior.

EXAMINATIONS, ETC.

The school will be visited, each term, by a visiting committee of the Board of Trustees, when such examinations will be held as may seem desirable.

If, at any time, pupils are in attendance, who, in the judgment of the Trustees, do not promise to be *useful as teachers*, they shall be deemed subject to dismissal.

The School is at all times open to inspection, and school visitors, teachers, and the friends of education generally, in this State, are cordially invited to visit it at their convenience.

LIBRARY.

The library of the School consists of two thousand volumes of text books and books of general reference, with maps, charts and globes.

TUITION.

TUITION IS FREE to all those who intend to teach in the Public Schools of Rhode Island; but those intending to teach in other States, or in private schools, are required to pay \$5 a term for tuition.

At the beginning of every term, each pupil pays \$1, to meet incidental expenses, and for the use of the library.

DISCIPLINE.

The discipline of the institution is committed to the Principal; but the age of the pupils, the objects which bring them to a

Normal School, and the spirit of the institution itself, will, it is believed, dispense with the necessity of a code of rules. The members are expected to exemplify in their own conduct, the order, punctuality and neatness of good scholars, and exhibit in all their relations, Christian courtesy, kindness and fidelity.

DIPLOMAS. &

Diplomas, or certificates of attendance will be awarded, at the discretion of the Trustees, to such pupils as shall have satisfactorily sustained themselves at the institution for at least four full terms, two of which shall be consecutive.

BOARD.

Board, in private families, can be obtained at \$3 per week, for gentlemen, and \$2.50 for ladies. Boarding places will be secured in advance for those who apply to the Principal, by letter or otherwise. Students desiring to board themselves, can usually secure suitable rooms for the purpose.

MEANS OF COMMUNICATION.

Bristol, R. I., the present location of the School, is easy of access, both by railroad and steamboat; and for beauty and healthfulness is not surpassed by any town in New England.

Students who desire to pass regularly, every week or every day, over the Providence and Bristol Railroad, for the purpose of attending the Normal School, can obtain, through the Principal, season or package tickets at very low rates.

Pupils who desire to leave town for home, or for other places, are expected to confer with the Principal.

The Trustees of the Normal School deem it a matter for congratulation, both to the institution and the State, that they have secured to the office of Principal, a gentleman whose social and moral culture, intellectual attainments and large educational experience in normal teaching, furnish a sure guarantee of emi-

nent success. The present assistants are favorably known in our community, and require no commendation.

The Trustees cannot too strongly urge upon every young person preparing to teach, the advantages of normal school instruction. In no other way is it possible for the young teacher to be even with the times. The demand for normal school graduates, and the increasing sympathy of the community with these institutions, and the favorable impression made by such teachers upon the people where they labor, afford evidence of a most hopeful and gratifying character, of the increasing usefulness of this feature of our educational system.

Normal School, and the spirit of the institution itself, will, it is believed, dispense with the necessity of a code of rules. The members are expected to exemplify in their own conduct, the order, punctuality and neatness of good scholars, and exhibit in all their relations, Christian courtesy, kindness and fidelity.

Faint, illegible text, possibly bleed-through from the reverse side of the page. The text is arranged in several lines and is significantly obscured by numerous brown spots and stains, particularly in the center and lower portions of the page.

A blank, aged, light brown page, likely an endpaper or flyleaf of a book. The paper shows signs of wear, including creases and discoloration, particularly along the right edge and in the center.
