on  
his face.

Sun

Warm is the day's end  
multiplied  
by all the warm days  
up ahead  
and yet to come.  
Sunshine is my solitary aim,  
and my one ambition  
is to capture  
all the warmth I can  
without a contract  
or condition.

The sun  
although predictable,  
remains aloof  
if not elusive.  
It's not within my brain  
to trap  
and hold it  
to myself — exclusive.  
But as a seeker of the sun  
I know without a doubt  
warmness is the day's end  
multiplied  
by all the warm days  
up ahead and yet to come.

ROD MCKUEN

Sunset

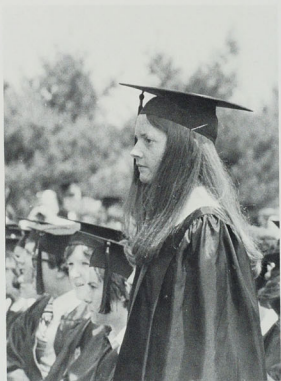

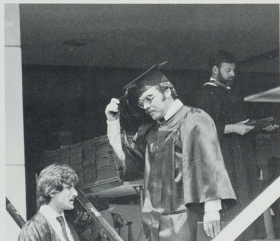

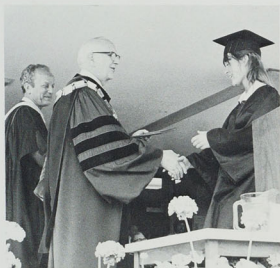

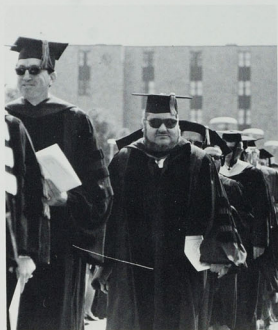

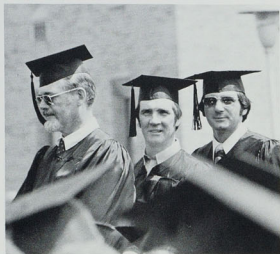

I wish nothing new  
except to stay here spent  
even as the day.

These arms the road's end  
and your tired, tired face  
already reaching into sleep  
the climax of the climax.

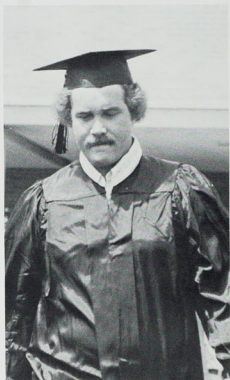

Somewhere there are lovers  
by blue rivers  
going up steps hopeful  
to a hundred foreign rooms.  
I wish them well  
for I have walked along my river  
and found my room,  
without the aid of any banister  
I could in truth describe.

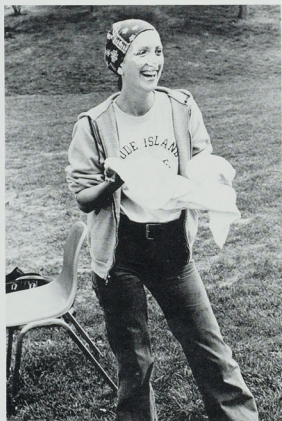

ROD MCKUEN

# DEDICATION

## PRESIDENT WILLARD RETIRES

The Class of 1977 along with the entire Exodus staff wishes to dedicate this edition of the class yearbook to Dr. Charles B. Willard, President of Rhode Island College since 1973. After nineteen years of faithful administrative work here at R.I.C., Dr. Willard has decided to step down from the office of the presidency which he so aptly held. Throughout the course of his stay at R.I.C., Dr. Willard is proud of the fact that R.I.C. has grown and expanded enormously. He also acknowledges the fact that there has been a strong development of the arts program at R.I.C., including the fine music, art, dance, and theatre programs. These programs are considered some of the finest in the state. Dr. Willard thinks they are "excellent."

He is proud that the staff at R.I.C. has accomplished a lot. It is through this cooperation and the dedication on the part of many people that have helped to develop and strengthen the college. R.I.C. is recognized as one of the best state colleges in the north and not only is the college highly regarded but also Dr. Willard is honorably regarded as a stimulating and solid individual in the R.I.C. community. Both he and the name Rhode Island College are synonymous with high achievement, something which is instilled in every individual who attends R.I.C.

Dr. Willard feels that the college is a very good place due to the very close interaction between groups such as the students, the teachers, the outside community, as well as Student Parliament, people, who like he, are willing to involve themselves for the benefit of others. It is this dedication that makes Rhode Island College a decisive cog in the wheel of education in Rhode Island and although Dr. Willard believes that "there is room for improvement," he believes that there are many more good things and people to help strive for a higher and more enjoyable degree of education.

It is our hope that Dr. Willard's successor, Dr. David Sweet, follows in his footsteps, bringing about a continued enthusiasm for learning and a higher degree of interaction both in the R.I.C. community as well as the outside community.

Rhode Island College salutes Dr. Charles B. Willard for a job well done; his contributions and unyielding loyalty to the college will long be remembered by his many friends in the community, and we, the 1977 Exodus staff and the entire college community wish him the best of luck and that his years of retirement and all his endeavors will be pleasant, meaningful and happy.

Likewise we wish incoming president Dr. David Sweet a hearty welcome and the best of luck in his endeavors as president of Rhode Island College in 1977-78 and hope he finds his job as president filled with rewarding moments both to the college community as well as to himself.

To Dr. Charles B. Willard, the graduating class of 1977, and Dr. David Sweet, we, the students of R.I.C. and the entire state of Rhode Island give you all of our best wishes and a hearty CONGRATULATIONS in all the things you have done and all the things you ever want to accomplish.

Dr. Charles B. Willard

A  
LETTER FROM THE EDITOR  
BY  
GERRY FRIEDMAN

Well, I guess it's just about that time again for me as editor to sit back a moment and reflect upon all the things that took place during the year at Rhode Island College. Of course, they are too numerous to mention on one page so I'll just mention a few of them to you.

Who will ever forget the Blackout (Black Tuesday, April 12th, 1977) at R.I.C. and it seems ironic that it wasn't a scheduled "event" just as all the other events were on campus during the semester, however, it provided the campus with the day off to really reflect and enjoy the friendship of others as well as the weather.

And who can forget the day the Rathskellar was finally reopened after renovations to provide the students on campus with the "Brew" to take their minds off too much study.

And then there was the addition to the Adams Library, nearly completed by the brave men who have to be congratulated for braving the sometimes "rotten" New England weather and the mud and snow, and speaking of snow, who will ever forget the freak snowstorm in May that blanketed the R.I.C. campus and made fools out of all the students that took their snow tires off for the spring. But at least we were smart fools. We were on the R.I.C. campus at the time!

And who can forget the barbecued ox on Willard's Day (Wednesday, April 27th, 1977), or the smell of horse manure spread out on the campus grass for spring planting. Will wonders never cease to amaze us?

And how can I ever forget the night I nearly froze my butt off at the R.I.C. hockey game so they wouldn't be left out of the yearbook. Oh, the sacrifices that we make in life.

Speaking of cold, how will the students at R.I.C. ever forget all the days they sat in class with the heat turned down in winter not just so they could freeze but to get an education at the same time. That's what I call a sacrifice!

Someone once told me to take a picture of the world but don't take it too seriously, but I guess at R.I.C., education is and has to be a serious and meaningful experience that we are put through and I hope that by glancing through the pages of the 1977 Exodus, I and the staff have taken a serious picture of life here at R.I.C.

My personal dedication, in closing, is to all the individuals who have dedicated themselves to benefit and help others, and at R.I.C., this is a truly marvelous thing and to Dr. Charles B. Willard, retiring president and the graduating Class of 1977, we bid farewell and continued success and hope that they have benefited from their experiences at Rhode Island College. This is something which we, as students and they as graduates will never forget and I hope that the Exodus serves as a reminder to those who have cherished their four years at R.I.C.

As for me, I guess I'll have the job as editor for another year and try to capture the student life as seriously as I can.

To those who feel that they have been left out of the yearbook for one reason or another, accept my apologies, but above all, sit back and enjoy the summer because before you know it, you'll suddenly realize that your college days are over, but you still have a lot to learn!

Good luck to all of you, and until next year, ENJOY!
